

HOW TO BUILD A **TOILET** IN THE **BASEMENT?**

Office in HCMC building, security guards working in the basement want to go to the toilet but don't have to go to the ground floor.

PROBLEM

Can't build pit in the basement

SOLUTION

SFA technology helps to install toilets everywhere without complicated construction/breaking concrete.

▶ SANIPRO XR

**TOILET IS BUILT 2M
LOWER AND 12M AWAY
FROM SEPTIC TANK IN
THIS BASEMENT!**
